

Business Solutions

Moving Forward Together

Let Opportunity Partners solve your workforce challenges!

- **Receive on-site solutions** from supervised teams for jobs including custodial, administrative, production, and kitting and assembly. OP job coaches provide training and supervision on-site for maximum accuracy and efficiency.
- **We have a history of success!** Since 1953, our trusted problem-solvers have and continue to innovate and develop long-term solutions to help grow your business. Our workforce also helps promote inclusion and diversity in your work culture; a rewarding experience for all.
- **Opportunity Partners is proud** to work with companies of all sizes that rely on us for their service needs: Boston Scientific, Engineering Products Co., General Mills, Medica, R.E. Purvis, United Way, Uponor and many more!

Opportunity Partners is ready to provide your company with workforce solutions and services, while creating meaningful and inclusive work for opportunities for adults with disabilities.

“We are so happy with the relationship we have with Opportunity Partners and are appreciative of the team that comes and serves us here at United Way... they are a hardworking team, enthusiastic, energetic and respectful; everything you want from a team you get to work with.”

- John Wilgers
President & CEO,
Greater Twin Cities United Way

“The Opportunity Partners associates are a valuable asset to Team Chan. When they come in, they are always excited and ready with the goal in mind... to do what it takes to get the work done and work together to accomplish all they do. Their **dedication and commitment** is outstanding, and we are very appreciative for the work they do each day.”

- Gary Engelsman
Chanhassen Team Leader,
General Mills

About Opportunity Partners

We are a Minnesota nonprofit 501(c)(3) organization
advancing the quality of life for people with disabilities since 1953.
