

Supported Employment Team (SETs)

Flexible, Dependable Staffing at Your Location

Opportunity Partners

Different than a temp agency, our proven employment model helps you tap into a new group of employees, reduce costs, and create long-term success.

Through the SETs model, we supplement your workforce with a reliable, dedicated, and supervised team on site at your location. Our job coaches provide ongoing training to support quality and efficiency, while our flexible service options are tailored to fit your business needs.

Our team is ready to perform a variety of functions across a broad range of fields, including, but not limited to:

- custodial and facilities,
- light administrative,
- assembly and kitting,
- and so much more!

> Each individual has become a valued member of our team, and we genuinely appreciate the dedication, enthusiasm, and positive energy they bring to our workplace.
